

## War for Independence Chart and Annotated Timeline

Directions: Your group is to create, on the butcher paper, the following items.

1. A chart depicting the strengths and weakness of the American and British forces during the War for Independence. The chart should be placed in the top left quarter of the assignment. This person ALSO does "The West"!!!!
  
2. An annotated timeline of the major political and military events of the War of Independence from 1775 through 1783. One person does NE, another does the Middle Colonies, another does the South, and the person who does the chart does The West. Be sure to include political, social, and economic events as well as military events. Keep them chronologically the same

**Annotate:** To furnish with **critical commentary or explanatory notes.**
