

## AP REVIEW TIMELINE

Your group is to create an annotated (An Informative/descriptive annotation describes the content of the item without judging it. It does point out distinctive features.) timeline of US history, on butcher block paper, using the anagram SPEW (Social, Political, Economic, War) for each time period assigned. Use your textbook, the internet (NO Wikipedia), and AP review books to complete the annotated timeline. Make sure that your group is paying attention and including cause and effect. Follow the color guide for each category: Social=Purple, Political=Red, Economic=Orange, War=Blue. Each Time Period must have a creative title that expresses the period. Each time period will be created on a separate piece of butcher block with a creative title for each time period.
